U. S. PLY, INC. (the "Company"), located at P.O. Box 11740 Fort Worth, Texas 76110, warrants to the original owner that subject to the conditions, limitations and exclusions of this limited warranty, the TUFFSTIK® SA membrane and membrane flashing materials (the TUFFSTIK® SA modified bitumen membrane) will be free of manufacturing defects which will affect their ability to maintain the roof in a watertight condition for the fifteen (15) years from the date of original installation of the roof. This limited warranty applies ONLY to the TUFFSTIK® SA membranes and base flashings installed in conformity with current U.S. Ply TUFFSTIK® SA specifications. This limited warranty shall only be applicable to and benefit the original owner named above and is NOT TRANSFERABLE OR ASSIGNABLE in any manner.

STATEMENT OF LIABILITY

U. S. Ply's sole responsibility for breach of this limited warranty is the repair or replacement, at the Company's option, of that portion of the U.S. Ply materials that contain manufacturing defects that have resulted in a roof leak. Repair or replacement of the deck or other materials used in conjunction with the roofing system not manufactured by U.S. Ply is NOT included. If upon investigation, U.S. Ply determines that the leak is not excluded under the "Exclusions From Coverage" set forth below and is the result of ordinary wear and tear to the elements or a manufacturing defect in the U.S. Ply Materials, the Owner's sole and exclusive remedy and U.S. Ply's liability will be limited to providing replacement Membrane or a prorated credit. Should the investigation reveal that the leak is caused by something under "Exclusions From Coverage", the investigation costs shall be paid by the Owner. Failure by Owner to pay for these costs shall render this TUFFSTIK® 15 Year Limited Material Warranty ("Limited Warranty") null and void. If the cause of the leak is determined by the Company to be outside the scope of this Limited Warranty, U.S. Ply shall advise the Owner of the type and/or extent of repairs required to be made at the Owner's expense which, if the Owner properly makes, will permit this Limited Warranty to remain in effect for the unexpired portion of its term. Failure by the Owner to make these repairs in a reasonable manner and within a reasonable time shall render this Limited Warranty null and void. The Company's maximum liability for cost of repairs or replacement during the first year after completion is the original cost of the U.S. Ply materials only. After the first year, the Company's **MAXIMUM LIABILITY** is limited to the original cost of the U.S. Ply TUFFSTIK® materials used on the roof reduced by fifteen percent (6.67%) of the maximum liability during each year of this limited warranty, less any costs previously incurred by the Company for the repair or replacement during previous years.
